Subscription to the Circulating Library only	From ONE GUINEA per Annum.

The Directors beg to inform the Subscribers to the Circulating Library that a constant endeavour will be made to provide a punctual and ample supply of all new works of interest and authority; and in order to carry out this intention efficiently, they must rely in some measure upon the co-operation and assistance of the Subscribers themselves. It is notorious that a large number of new books of a wholly trivial character are now put into circulation, for which there is no real demand, and the publication of such works is in many instances only rendered possible by the system upon which Circulating Libraries have hitherto been conducted. The expenditure upon works of this class will be strictly curtailed, and the funds will be applied as far as possible to the purchase and circulation of books of a higher order and a really popular character, such as the majority of readers are anxious to obtain upon the date of their publication. The Directors trust by this means to render the Circulating Library, in the truest sense of the word, select, while they will seek at the same time to avoid the kind of interested and arbitrary censorship that has been found alike vexatious to authors and the public.

All the Books in the Library are available for Subscribers, without distinction as to amounts of Subscription.

Full details of Subscriptions, both for Town and Country Members, on application to the SECRETARY, the GROSVENOR GALLERY LIBRARY (Limited), 135, New Bond Street, W.
